

## ALLIED RESISTANCE NOT ONLY HOLDS GERMAN ADVANCE BUT FIRE FROM AMERICAN-FRENCH GUNS AFFECTS SPIRIT OF THE BOCHES

### STEEL PLANT WILL RESUME TOMORROW, EMPLOYING 60 MEN

Concern in Herd Bottom to Begin Manufacture of Steel Ingots.

### UNDER NEW MANAGEMENT

Jessop Steel Company Has Taken Over Works From the Trustees in Bankruptcy and Steady Run is Now Anticipated, at Least During the War.

The operation of the plant of the United States Electric Steel Company which has been leased by the Jessop Steel Company of Washington, Pa., will begin tomorrow. The plant will turn out steel ingots, the same product which was made by the United States Electric Steel Company before it went into the hands of the receivers.

Negotiations were started with the Jessop Steel Company over a month ago for the lease of the plant and a handsome weekly cash rental will be paid. As soon as the lease was signed representatives of the steel company took charge of the plant and since that time have been putting it in shape for operation. The lessees will furnish their own capital and labor.

The property, since early in March had been in the hands of F. E. Markell of this city; A. C. Ellis and George L. Jedsby of Pittsburgh; trustees in bankruptcy.

The Jessop company owns a number of plants in different parts of the country producing high grades of tool and die steels. It has a number of important government contracts and part of the semi-finished materials to be used in these contracts will be made at the Herd bottom plant from raw stocks.

The plant will begin operations with about 60 men, to be increased as necessary demands. Some of the old employees of the electric steel company have been employed and others are being brought from different Jessop Steel plants.

### COMPANY G AT WORK

Hard Work of the Encampment Began With Strenuous Program Yesterday. CAMP THOMAS J. STEWART, Camp Gretna, July 15.—Company G, and other units of the Pennsylvania Reserve Militia, got their first taste of military training yesterday under a scorching sun and other conditions that gave them a new idea of the purpose of an encampment.

The greater part of the forenoon was spent by the Third Regiment in open and close order drills and various maneuvers. At noon the companies returned to their company areas covered with sweat and dust and with keen appetites for the midday meal. The program for the afternoon was varied somewhat, but its purpose was to further instruct the new organization in the preliminaries of soldiering. Lieut. Col. James A. Jorgens, inspector of the Third Regiment, addressed the line officers, outlining their duties and speaking very laudably of the spirit shown by the young men and the efforts they are making to learn the duties of a soldier.

A minstrel show is to be staged by the Third Regiment some night this week as the first of a series of entertainments.

### WILL LIST IDLERS

Dunbar Burgess Moves to Help Out Industrial Plants. Prompted to act by the dire need of jobs at the industrial plants about the town and the fact that there are numerous idlers, Burgess A. R. Dunbar of Dunbar, today ordered the police to make a list of all men able to work who are not usefully employed. The names will be turned over to the labor authorities for action under the new work or fight ruling of Provost Marshal General Crowder.

The plant of the American Manufacturing Company, which is making war materials for the government, and its subsidiaries, are handicapped by labor shortage and there is need of men elsewhere. Complaint is made also that some men are not working regularly and thus are hampering the war work.

### NEW TEACHER NAMED.

Miss Ella Byers Elected to Position in Dunbar High School. The Dunbar school board at a meeting last evening elected Miss Ella S. Byers, teacher in the high school, to fill the vacancy caused by the resignation of Miss Eliza Baker, who has taken a position at Scottsdale.

Miss Byers is a graduate of Blairsville college and took two years in the university of Pittsburgh. For three years she has taught in the South Connellsville high school.

### WILSON RIGHT IN GENERAL, AUSTRIAN MINISTER AGREES

Fear New Points in July Fourth Speech Could Not Arouse Opposition, Baron Burian Declares.

By Associated Press. AMSTERDAM, July 16.—Baron von Burian, the Austro-Hungarian foreign minister, in a note addressed to the Austro-Hungarian premier, is quoted in a dispatch from Vienna as saying: "There is hardly any difference between the general principles enunciated by the statesmen of both belligerents. President Wilson's four new points of July 1 cannot, apart from certain exaggerations, arouse our opposition."

Continuing, the Austro-Hungarian foreign minister said: "The enemy's obstinacy regarding historical demands concerning Alsace-Lorraine, Trieste, Trentino and the German colonies, appears to be insurmountable." In his reference to President Wilson's four new points in his July speech, Baron Burian said he was able to approve of them heartily, and that to a great extent "nobody would refuse homage to his genius and nobody would refuse his cooperation."

"We are ready to enter into peace negotiations with all our opponents," he continued. Continuing, the foreign minister said: "If our enemies continuously demand atonement for wrongs done and restitution then this is a claim which we could urge with more justification against them because we have been attacked and the wrong done to us must be redressed."

"We are prepared to discuss everything," said Baron Burian.

### HELP RED CROSS

Young Women Operate Refreshment Stand; Children Have Shows.

Instead of going away for the Fourth, Miss Madge Cummings, a former Connellsville teacher, and Misses Mabel and Fannie Cummings operated a refreshment stand at their home at Acme and cleared \$10 for the Red Cross, which amount was turned over to the Connellsville branch.

Lillian Bower, Winona Bower, Annette Deeter, Ruth and Rose Lane, and Lillian Mary Jane and Sarah Monahan presented a show at their home in Gibson avenue and raised \$3.10 which has been turned into headquarters.

Young folks gave a show at the home of Violet Snyder, 406 Johnston avenue, at which they realized \$2.85 for the Red Cross. Songs and talking machine selections were the features. The girls taking part were Frances Port, June Port, Thelma Kinsbury, Thelma Snyder, Bertha Bowers, Esther Kinsbury and Violet Snyder. Harry Connell was stage carpenter and curtain operator.

### HELP IN HARVEST

Local Business Men Put in Two Full Days on Narrows Farm.

The first of the volunteer farm hands from this city, business men who are offering their services to assist in getting in crops, reported for duty yesterday morning when Robert Norris, H. O. Keagy, E. C. Moore, W. N. Leche and C. W. Downs went to the Myers farm on the Narrows. The men all put in a full day and today two more volunteers, W. B. Long and J. F. Dalton went out. E. C. Moore was unable to get away from his business here today.

Volunteer farm hands are likely to be called regularly for some time now as the harvest season is in and all available help is needed. Many men in this city have signed pledges to work a certain number of days on the farms and these will be called to report as their help is required.

### SLOVAK WOULD ENLIST

Former Austrian Officer Applies at Uniontown Press Bureau.

Yesterday afternoon a Slovak entered the Slovak Press Bureau at Uniontown and asked to be taken as a volunteer for the Czech-Slovak army. The volunteer is Lacy Krigler, from Daisytown, Pa. Mr. Krigler before coming to America was in the Austro-Hungarian army. He has full knowledge of running an airplane and was an officer in the field artillery. After the questioning Krigler went over to the corner of the room where there is a Slovak flag and kissed it and promised that he will serve faithfully to the end.

### FINE OATS CROP

J. W. Dodson, Poplar Grove, Has Field in Which Stalks Are Five Feet.

One of the finest fields of oats in this part of the state is that grown by J. W. Dodson at his home in the Poplar Grove plan of lots. Specimen stalks exhibited today were five feet tall and the heads well filled. The field is like this all over. It is stated. Mr. Dodson is mine foreman for the Poplar Grove Coal company.

## REPORTS FROM ONE END OF BATTLE LINE TO OTHER SHOW OFFENSIVE COMPLETE FIZZLE

By Associated Press.

WITH THE AMERICAN FORCES ON THE MARNE, July 16, 11:10 A. M.—Reports from one end of the battle line to the other say that except for a few minor localities the great German offensive so far has been a complete failure.

Additional German prisoners taken today say they are convinced that their commanders have been beaten.

American troops today shot down a carrier pigeon belonging to the enemy east of Chateau Thierry. It was carrying a message from a German divisional headquarters saying that the situation was serious, that the Germans saw no chance of making further progress in the locality of that division.

### GERMAN TROOPS DISHEARTENED.

WITH THE AMERICAN ARMY ON THE MARNE, July 16, 10:45 A. M.—Word received this morning from the battle front to the east of Rheims shows that the Allied defense is not only still holding up the German attempts to advance but appears to have broken the enemy spirit.

At one point on the front of the offensive where American troops are fighting they organized a small counter attack late yesterday on the flank of a salient established by the Germans and drove them out in short order. The American troops in this section occupied intermediate positions in the rear of the first lines. The Germans were allowed to come through, but when they tried to cross the open fields up a slight grade the American machine gunners and infantry, occupying excellent positions, mowed down the advancing ranks. The enemy broke and retired at many places.

### ALL ATTACKS REPULSED.

LONDON, July 16.—The Germans this morning continued the attack against the French lines in pursuance of their offensive, according to information that has reached here.

The information received indicates that the offensive remains held up. The attacks up to this morning have been nearly everywhere repulsed with heavy losses.

### JAPANESE RED CROSS COMMISSION GREETED BY OUR LOCAL WORKERS

Very Brief Time for Exchange of Courtesies at the Baltimore & Ohio Station This Morning.

A special commission of the Japanese Red Cross, on its way to France, passed through Connellsville this morning. Thomas J. Hooper, president of the Connellsville branch of the Red Cross, together with a large number of the workers in uniform, Mayor Duggan and a group of business men, assembled at the Baltimore & Ohio station to greet the party. They were at breakfast in the dining car in the forward part of the train when the train arrived. It being necessary for the members of the party to travel almost the full length of a long train before they could find an open platform from which to acknowledge the greeting of the local Red Cross members, only a few moments remained for an exchange of courtesies before the train pulled out.

Upon their arrival in Washington the commission will be tendered a reception by the Red Cross. After a short stay in the capital they will leave for France.

At the head of the commission is Prince Tokugawa. The other members of the commission, men of prominence in the professional and social life of Japan, are Dr. Arata Ninagawa, D. C. L., Dr. Shigemitsu Sawamura, M. D., Dr. Yashushi Naito, Dr. Sadaka Kageyama, Hideo Yoshida, Hiden Furusawa, Chutichio Furumori, Count Kuwashi Kased.

### CALL AUTO MECHANICS

Men Wanted for Special Training in University of Pittsburgh.

Local Boards for Districts Nos. 2 and 5 have received calls for special induction of men with grammar school educations to take up training as automobile mechanics and sheet metal workers. The draftees will report at the University of Pittsburgh on August 15.

Registrants in the class of 1913 may be inducted in this call but application for the special training should be made before July 22. The call for special training as automobile mechanics is considered an excellent opportunity for a young man in the draft age.

### EXAMINE MEN TOMORROW

No. 5 Registrants to Undergo Physical Tests Here.

Registrants of June 5 in District No. 5 will be examined by the local board of that division tomorrow in the Title & Trust bank building here. The examinations will be conducted in the Knights of Columbus rooms on the fifth floor of the building. About 100 young men, all in Class 1 have been called for the physical tests.

The examinations will begin at 8 o'clock in the morning and continue until every man has passed the doctors. Drs. J. H. Hazlett and C. W. Utts will be the examiners.

### Assaultant Still at Large.

Baltimore & Ohio Patrolman William C. Gelback, who was shot Saturday night by an unknown man who broke into a box car on the siding near Rockwood, is getting along nicely at the United States General hospital at Markleton. His assailant is still at large.

### AMERICANS AND FRENCH TAKING MANY PRISONERS.

PARIS, July 16.—The battle continues violently, especially south of the Marne and in the region of Chateau Thierry. Except for one sector south of the Marne there is no change in the situation. American and French troops are counter attacking magnificently and are taking many prisoners according to the statement issued by the war office today.

South of the Marne the Germans have not been able to advance their line beyond St. Agne, La Chapelle, Monthodon, Lisieres and south of the forest of Montigny. The French in this region have taken 1,000 prisoners. On the front east of Rheims, in spite of terrific fighting during the past day and night the enemy has not been able to penetrate the French zone of defense.

The German loss in prisoners during the first day of the battle was extremely heavy.

The text of the statement reads: "On the front east of Rheims the fighting was of the utmost violence but was unfruitful and the enemy during the past day and night has not been able to penetrate the French zone of defense which runs to the eastward through Prenay. The battle positions of the French are intact. The enemy losses in prisoners during the first day of the battle have been extremely heavy."

### OFFENSIVE MAKES LITTLE CHANGE IN SITUATION.

LONDON, July 16.—Advices received in London up to noon today said that little change in the situation had been greeted by the German offensive. The attacks which continued throughout yesterday were conducted by the forces of General von Benlow and General von Balm, who are directing the operations of the two armies on the left wing of the German Crown Prince groups.

Great numbers of German corpses are hanging on the tangle of barbed wire in front of the French positions and all the reports state that the losses of the Germans must have been exceedingly heavy.

The main attack to the east of Rheims continued up to 7 o'clock last night. The fighting was extremely severe in the vicinity of Sedan and at Prunay where the Germans captured a wood south of the village. This, however, was an exception, the German attack elsewhere being repulsed with heavy losses. The French lines of resistance remain practically intact everywhere.

### SITUATION SATISFACTORY, PERSHING REPORTS.

WASHINGTON, July 16.—The general situation this morning is regarded as satisfactory, says a War Department statement issued today based on dispatches from General Pershing and General Bliss concerning press accounts of the fighting yesterday. Warning is given, however, that the first day of such a battle is merely general advance guard action, and that (Continued on Page Two.)

### TIME EXTENDED

For the Filing of Capital Stock Tax Returns by Corporations.

The Bureau of Internal Revenue has announced an extension of time for filing capital stock tax returns for the taxable year ending June 30, 1918, to August 31, 1918. In previous years it has been necessary to file these returns before July 31 in order to avoid a penalty of 50 per cent of the tax due. The forms to be used in reporting the tax are being revised and new rules and regulations are in course of preparation. The forms and regulations will be in the hands of collectors for distribution about July 20.

All corporations, no matter what their capital stock, are required to make these returns and should use the revised forms. Hereafter only corporations having a capital stock of \$75,000 or more were required to make the returns. The exemption of \$99,000 still applies.

### HOME CONVENIENCES

Will Be Discussed by Union Farmers Club at Next Meeting.

"Home Conveniences" will be discussed at the regular meeting of the Union Farmers Club of Fayette county, to be held Saturday at the home of W. B. Swearingen near Bethelboro. Boys Fire Truck. Cumberland has purchased an \$8,000 fire truck.

### MEMORIAL SERVICES FOR DANIEL KEEFER TO BE HELD SUNDAY

Entire Community of Clairton Will Participate; Relatives Going From Connellsville.

Memorial services for Daniel W. Keffer, formerly of this city, who died of wounds received in action in France, will be held in the high school auditorium at Clairton, his late home, on Sunday evening. The entire community will participate in the services, no churches of any denominations holding services that evening. The burgess of the town will be in charge of the services. Many relatives from here will attend the services.

The young soldier had been in France just a little over a year when his death occurred. He had seen active service several times in General Pershing's army. He enlisted shortly after the war broke out, joining the army on April 21, 1917. On June 14, 1917, he sailed for France with General Pershing's forces and had been on duty over there continually until his death occurred on June 30.

Daniel Keffer was the first young man in Clairton to enlist for service in the United States army and he is also the first from that place to give up his life.

In none of his letters did he speak of active service until recently, when after reading American newspapers he learned that the people in the United States knew of the Americans being in the trenches.

In a letter just recently received by his brother, William Keffer of South Connellsville, the young soldier said in part:

"We were in the trenches for two months without going back for rest once. We went in first on the Esplanade front at Dead Man's Hill. After several weeks there we went in Verdun and finished up two months of it before coming back. Dead Man's Hill was worse than Verdun. At Verdun the artillery was roaring all the time and German fire was pretty accurate. Most of our fellows are well enough acquainted with the sound of the different sized shells to call them off before they hit. The fast ones have us stunned. They travel a lot faster than the sound and always catch up with one before we know they are coming. The big 16-inch shells sound like a gigantic street car when passing overhead."

### MAIL SERVICE DENIED

A Meyersdale Newspaper Containing a Defense of Eugene Debs.

Last week's issue of the Meyersdale Commercial has been denied mailing privileges because it contains a rabid denunciation of the arrest of Eugene Debs, charged with a violation of the espionage law.

Postmaster Shipley sent a copy of the paper to the Postoffice Department, together with a letter telling of his action. He received a telegram confirming what he had done and advising him not to leave any of the editions pass through the postoffice. Debs was later admitted to bail.

### ANOTHER DRAFT CALL

Five Thousand Summoned to Go to Camp Wadsworth, S. C., in August.

Notice has been received by Local Boards for Districts Nos. 2 and 5 that during the five-day period beginning August 5, 5,000 draftees will be entrained in Pennsylvania for Camp Wadsworth, Spartanburg, S. C. The quotas of the local boards have not yet been received.

The notice also says that registrants of the 1918 class may be voluntarily inducted into the service under the call if Class 1 men of 1917 have all been called.

Miss Rhodes in Washington. Miss Freddie Rhodes of Greenwood, a teacher in the city schools, has secured a position in Washington for the summer.

### MANY BUYERS, FEW SELLERS WHEN CURB MARKET IS OPENED

Two Farmers Appear With Produce and Quickly Sell Out Stocks.

### NEXT MARKET ON FRIDAY

Demand for Eatables for Sunday Table Will Mean Ready Sales For Those Who Have Green Goods to Sell; Success of Movement Is Assured.

Connellsville's first curb market opened this morning with a good patronage of buyers but a shortage of farmers. In a very short time two men who had brought truck loads to the grounds were sold out and on their way back to the farms. Women with market baskets bought everything to be had. Many who arrived late did not get everything they wished to buy. Some got nothing.

The farmers sold new potatoes, tomatoes, onions, apples, pears, chickens, eggs and other produce fresh from the farms. Tilden Kern and A. C. Ogilvie were the two farmers at the market. Although it was some disappointment to the buyers when no more farmers showed up with a greater variety of produce, most of them considered that a start towards a successful curb market had been made and that on Friday and other days, more farmers would be on hand.

The market opened at 8 o'clock with Street Commissioner William McCormick making the first purchase, buying a pair of chickens from Mr. Kern who was on hand early. Mr. Kern left a farm with 10 tons of hay down and after selling out returned to his home to work the remainder of the day.

Mr. Ogilvie did not expect the heavy demand for produce and quickly sold out his stock. Although most of the buyers had baskets, some failed to bring them and used many other means available. Some women wrapped their goods in papers, and men used their pockets. One boy who bought apples filled his hat and also every pocket in his trousers and coat. One thing that will make the curb market popular here is the reasonable prices that prevail and the freshness of the goods received.

Tables for use in displaying the products of the farmers were lined up along the midway this morning and the slag base smoothed off. The market presents a nice appearance with its white slag midway and grassy surface.

Although only two farmers were on hand this morning several others dropped in to see how the market was going and were pleased with the turnout of buyers. It is assured that more will be here Friday when sales will be heavier as the buyers will purchase produce for Sunday use. The opening of the market this morning demonstrated one thing to the farmers, that the patronage of the housewives in the city is theirs if they supply the wants.

Later in the morning a third farmer arrived and disposed of his goods. The curb market committee is not disappointed at the small turnout of farmers as the harvesting season is on and it is hard to get away from the farms at this time.

### PLEAD NOT GUILTY

## LOCAL WAR NEWS

### PENNSVILLE BOY HAS ENCOUNTER WITH SUBS.

That the transport on which he traveled encountered submarines, and that the convoying vessels satisfactorily disposed of them is the information given in a letter from Corporal Merrill McFadden of the 58th Infantry, 16 Earl Biltner of Pennville, his home town. The Germans, he says, do not have as many submarines as when his company left the United States. He adds that he had some great experiences but could not, under the censorship, talk about them. McFadden left for overseas about May 7. The letter from him was dated June 7 and was written at a rest camp in England. In a letter to his parents, Mr. and Mrs. J. W. McFadden, of Pennville, the young man says that he is well and likes the country. "Write me all the news of old Pennville," he says.

### MAX RUSH SUCCUMBS AFTER LONG ILLNESS FROM TYPHOID FEVER

Well-Known Young Hotelman of Ohioyle Stricken Seven Weeks Ago; Wife Recovering.

Following an illness of typhoid fever, Franklin Maxwell Rush, 29 years old, proprietor of the Ohioyle House, and one of the most widely and favorably known young men of Fayette county, died this morning at 2.40 at his home. "Max," as he is better known to his many friends, contracted typhoid fever seven weeks ago, but remained on his feet for two weeks following his illness. He was then compelled to take to his bed and was delirious for four weeks. Specialists from different sections were called in consultation, but despite the best of medical attention death resulted. Mrs. Rush, who was also a victim of the same malady, is convalescing.

Funeral services will be held Friday afternoon at 2 o'clock at the Ohioyle House, with Rev. William Hamilton Spence, pastor of the First Presbyterian church of Uniontown, officiating. The following will serve as pallbearers: J. Benton Crow, H. M. Fuller, Uniontown; Fred Burdette and Robert Holt, Ohioyle; Edward L. Marietta, Noah Anderson and J. R. Mestrezat, Connelville; and Howard Riley, Scottsdale.

The deceased was born at Ursina, May 16, 1889, a son of County Commissioner and Mrs. Logan Rush, and resided in Uniontown and Connelville. The family moved to Connelville about five years ago, and three years later the deceased took over the Ohioyle House, at Ohioyle.

Mr. Rush received his early education in the Uniontown public schools and later attended Kiskiminnus college at Saltsburg, Pa., graduating in 1911. He was president of the class at the time of his graduation. He also attended the Washington and Jefferson university. He was a member of the Delta Phi Delta fraternity. He was a member of the Ohioyle council at the time of his death and of Connelville lodge of Elks, No. 503, May 8, 1913. He was married to Miss Mara Lou Dull, daughter of Mr. and Mrs. William Dull of Connelville. To the union two children were born, Frederick Logan, four years old, and Dorothy, three years old. In addition to his widow and two children he is survived by his parents, who reside in Connelville, and two brothers, Warren W. Rush of Uniontown, and James H. Rush, attached to 128th Company of Marines, in training at Parris Island. Since locating at Ohioyle, Mr. Rush had formed a wide acquaintance in that community, and his death is keenly felt by all who know him.

### MOTORMAN NOT LOSING ANY TIME

"I don't think anyone ever suffered more from stomach trouble and bloating than I have. I had to lay off my run more than half the time and could get no help from prescriptions or medicine. One of my friends advised using May's Wonderful Remedy, which I found to be the greatest remedy ever put on the earth. I have not lost a day since taking it. It is worth its weight in gold." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. A. A. Clarke and druggists everywhere.—Adv.

### The Grim Reaper

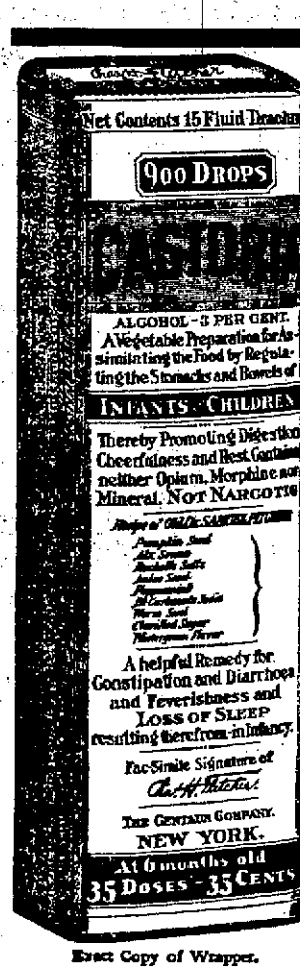

MRS. SARAH A. KENDALL.  
Mrs. Sarah A. Kendall, 48 years old, died Sunday night at her home at Mount Braddock of heart failure. Funeral services will be held this evening at 7.30 from the family residence, with Rev. D. E. Miner of Dunbar, officiating. The body will be brought to Connelville tomorrow morning by Funeral Director J. R. Foltz of Dunbar, and will be shipped on the Baltimore & Ohio train leaving here at 9.36 o'clock to Meyersdale. Following the arrival of the train the remains will be taken to the home of the parents of the deceased, from where services will be held tomorrow afternoon at 2.30 o'clock, with interment in Templeton cemetery. Mrs. Kendall was born April 26, 1870, a daughter of Jesse and Malinda Gomer of Somerset county. She was twice married, and in addition to her husband, L. B. Kendall, she is survived by the following children to the first marriage: William Keefe, Marietta, O.; Ezra Keefe, attached to the 145th Regular Infantry, now on its way to France; Mrs. Anna Logan, Garrett, Pa.; Miss Bertha Keefe, Layton; Mrs. Goldie Stockton, George, Daisy and Elmer Keefe, all of Mount Braddock. ### MRS. CATHERINE STONER.

Mrs. Catherine Stoner, a former resident of Connelville, and mother of C. M. and W. F. Stoner of this city, died last night at 10 o'clock at the home of a daughter, Miss Lulu Stoner at Indianapolis, Ind., where she had lived for 12 years. Death was due to infirmities of age. Mrs. Stoner had been unwell for several months. She spent the winter with a daughter, Mrs. Kate Shaw, at Indian River City, Fla., and a short time ago returned to Indianapolis, her condition not improved. The remains will be brought to Connelville, arriving probably tomorrow, and taken to the home of C. M. Stoner, 117 North Sixth street, West Side, where funeral services will be conducted. Mrs. Stoner was born in Springfield township, a daughter of Nathan and Catherine Shaw. She married Levi Stoner, who died 15 years ago at Sistersville, W. Va., where the family lived for 18 years. Her early life was spent in her home township and in Connelville. After the death of her husband she went to Indianapolis. Mrs. Stoner was a member of the Baptist church. In addition to the children named above Mrs. Stoner leaves a son, Nathan Stoner, at Robinson, Ill., and a son Frederick, whose address is unknown.

### FOR INDIGESTION

A. A. Clarke Has a Treatment That He Guarantees to Promptly Relieve All Stomach Distress.

People go on suffering from little stomach troubles for years and imagine they have a serious disease. They over-eat or over-drink and force on the stomach a lot of extra work.

But they never think that the stomach needs extra help to do extra work. If these people would take a Mi-o-na tablet with or after meals it would be a great big help to the stomach in its strain of overwork.

Mi-o-na tablets help your tired-out stomach to do its work and banishes the cause.

No matter what you eat or drink Mi-o-na tablets should sweeten your sour stomach and stop gas belching in 10 minutes. The heaviness, distension and the stomach is greatly aided in its work of digestion.

And Mi-o-na not only promptly relieves all distress but if taken regularly will absolutely banish indigestion by building up the flabby over-worked walls of the stomach and making them strong enough to digest the most hearty meal. A. A. Clarke sells and guarantees Mi-o-na.—Adv.

### KEEP HIM REASONABLY BUSY

Prescher Serving in Y. M. C. A. "Hut" in Training Camp Finds His Duties Many and Varied.

If there is a notion that Y. M. C. A. work in the camps consists in selling stamps and handing out pocket testaments, let it be dispelled at once. One preacher, serving in a hut in a New Jersey camp, reports that he has done almost everything under the sun except preach.

He has built fires, swept floors, looked after hundreds of packages of laundry, umpired basketball games, organized a glee club, stage-managed a circus, sold ice cream at the canteen, and driven a flivver ten miles and back three times a week to provide said cream. He has written letters home for boys who could not write, and he has taught those same boys their first lessons in the English language. He has been a repository for hundreds of heart secrets, and he has served as trustee for the care of as many as thirty Liberty bonds at a time.

Perhaps oddest of his many tasks was one that came his way on a wild and stormy night in April, when the master of arms at the military station entered the "Y" hut after taps, carrying a red box under his arm. "Say," said the master of arms, "we've got a lot of T. N. T. mines stored at the station. Here's the detonators, in this box. There's considerable lightning around, and it isn't safe to leave these things close to the mines. Would you just as soon take care of the box over night?"

The Red Triangle man slept that night (or tried to sleep) with enough high explosive under his cot to blow him half way to heaven.

### LEARNING WHITE MAN'S WAYS

Eskimos Said to Be Making Gratifying Progress as a Result of Missionaries' Teachings.

On Herschel Island, where the sun shines continuously for eight weeks in summer, the Eskimos had a sun dance, not always clothed in the garments of propriety, a writer in an exchange says. They had an idea that when the sun came back its movements were directed by an invisible power, but they had no tangible conception of a God. They had no belief in a future life, either of reward or punishment. Today they are religious, truthful, kind to their children and to the aged. They are ambitious to learn; they are practical, extremely industrious, sanitary in their habits, well clothed and well housed. Insanity is unknown, but tuberculosis is common.

They, while in summer and trap in winter. They are clever in trading, good workers on land, water and ice, and take excellent care of their household effects. Tools, if broken, are neatly repaired. When on Herschel Island or at Fort McPherson, they eat the white man's food with great relish. In summer they eat their fish and blubber raw and in winter frozen. They like food cooked, but it is a matter of indifference to them. They will barter for the white man's food, eat a hearty meal of it, and then go out and eat blubber and raw fish as dessert. The contents of a deer's stomach they consider a great delicacy.

### Sugar 12 to 15 Cents a Pound.

In these days of tribulation, when everything rises but father's wages, we all very consistently bemoan the high cost of living. But this, observes Popular Science Monthly, is not the first and only time that prices have been high. During the Civil war wages ran from \$1.22 a day for laborers to \$2 a day for skilled workmen. This, however, did not prevent a shave from costing 10 cents or a haircut 20 cents. Hotel rates were \$1.50 to \$2 a day, and ice, which was considered a great luxury, was supplied at 50 cents a week for 10 pounds daily. Strangely enough sugar was the chief bone of contention in those days, too, and it cost 12 to 25 cents a pound.

### Dough Saved the Ship.

"Saved by a ton of dough" might be the title for an account of the adventures of the steamship Armenia in the submarine zone. The vessel was struck by a torpedo. Aboard was an armed guard of American seamen under the command of Chief Boatswain's Mate Stief Homiak, U. S. N. The naval men made all preparations for placing the passengers in lifeboats, for the ship had a wide breach below the water line and a second torpedo was momentarily expected; but they did not intend to abandon their vessel until they were sure it was going to sink. Going below they succeeded in checking the inflow of water to some extent by a patch made of a collision mat and some pieces of canvas, but there was still a formidable leak. Thereupon the sailors proceeded to smash open a large number of barrels of flour which they found in the hold and shoveled this material into the breach. Soon it was filled with an enormous mass of dough, which so effectually checked the leak that the ship was brought into port by her resourceful crew.

### U. S. Religious Population.

The government does not include religious matters in census figures, so church statistics vary somewhat according to source. World Almanac for 1918 gives total of all communicants in the United States as slightly over 40,000,000, of which Roman Catholics are 14,300,000 in round numbers; Methodists of sixteen branches, 7,000,000; Baptists of fifteen branches, 6,500,000; Lutherans of twenty-one branches, 2,450,000; Presbyterians of twelve branches, 2,200,000; Disciples of Christ 1,340,000; Episcopalians, 1,100,000; Congregationalists, 800,000; Reformed, 500,000; Latter Day Saints, 400,000; United Brethren, 370,000. Remainder of 40,000,000 is made up of numerous small church bodies. Catholic Directory for 1917 gives total Catholic population of the United States

### Reformed Church Dedicate Service Flag for Men in Service.

### YOUNG WOMEN ARE IN PAGEANT

Ultimax Comes in It When Germany Appeals to America to be Freed From Chains of Militarism and is Invited to Join the Democracies.

Special to The Courier.

SCOTSDALE, July 15.—The Reformed church on last Sunday afternoon unveiled an honor roll bearing the names of the men in the country's service. Robert Hill sang a solo, "God Be With Our Men Tonight." Miss Gilette Peterson recited "I'm Going Across for You Mother." Miss Eloise Haffer recited "The Service Flag." A class of young women took part in a very impressive pageant entitled "America and the World."

Miss Marino Loucks, with the American flag draped about her, represented America. Next came France, represented by Miss Grace Shirey. Belgium was represented by Miss Etta King. Armenia by Miss Gladys Wahl. Japan by Miss Clara Loucks and China by Miss Nancy Lipps.

The dramatic part of the program came when the spirit of Germany appeared blindfolded and in chains, pleading with America to be freed from the shackles of militarism and a false German philosophy. America breaks Germany's shackles and assures her that her Kaiserism will be broken and she will be free to develop a democracy like the other nations. After a brief address, the pastor, Rev. Laubach called upon Miss Sara Werkman, little sister of Private William Werkman, to unveil the honor roll and as the pastor repeated the names of the men in the service Miss Esther Peterson distributed small silk flags among the relatives to be sent to the soldiers. The names of the men on the honor roll are: Sergeant Simon Waugmann, Hempstead, N. Y.; Private William H. Werkman, 9th Aero Squadron, France; Private Archie Cramer, base hospital, Camp Johnson, Jacksonville, Fla.; Corporal Paul K. Fretts, Company D, 315th M. G. Battery, France; Private Eldon G. Daugherty, Company F, 112th Infantry, A. E. F.; Private William E. Uher, Bandmen's school, Camp Jackson, S. C.; Private William Keister, base hospital, Camp Grant, Ill.; Private Charles Keister, Headquarters Company, base hospital, Camp Greenleaf; Private Frank E. Newingham, base hospital, Camp Lee.

A small silk service flag was also unveiled by the choir in honor of the four choir men in the service. Homer Loucks, assistant superintendent of the Sunday school, added a star for Clayton Uher, Sunday school superintendent, who left for Pittsburgh yesterday to enter training. The service closed with the singing of "Wilbur Chapman's 'God Keep and Guide Our Men.'"

Albert Gallatin Null, Rev. and Mrs. H. S. Meyers received a telegram announcing the death of their nephew, Albert Gallatin Null, aged 39 years, at Denver, Col., from tuberculosis. He was a son of the late Francis and Odessa Null and was a former resident of Scottdale.

# PROOFS NOT CLAIMS

Claims may be all right—but proofs count. Any merchant may claim for his merchandise all the qualities there are—that is his privilege. But Aaron's is different. We never claim anything that we cannot prove. Aaron's claims are not therefore claims in the ordinary sense of the word—they are statements of facts—proven facts.

For 27 successive years the exclusive Aaron lines of Furniture, Rugs, Carpets, Stoves and Homefurnishings have given Fayette County Homebuilders a truly remarkable service—complete satisfaction in every respect.

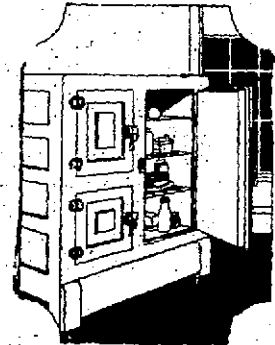

And Aaron's prices for these exclusive, quality lines of Homefurnishings are lower than other stores ask for just the ordinary kinds.

For 27 years Aaron's courteous, helpful, painstaking sales service and Aaron's liberal, convenient charge account system have been of untold assistance to those furnishing homes.

That's why Aaron's enjoy the preference of Fayette County folks—a mighty preference that has made us the largest Homefurnishers in Southwestern Pennsylvania.

Rev. Paul Smith, former local pastor, has been assigned to Chaplainship at Camp Gordon; Ralph Stoner goes on vacation to the West.

Special to The Courier.

**MOUNT PLEASANT, July 15.**—August Kreiger of Wellytown, who, it was thought, was the man murdered and thrown in the coke ovens at Mammoth early Saturday, has been found and the coroner, James Harkins, was notified last evening that he had turned up and that the theory worked on yesterday would have to be abandoned.

**Assigned to Camp Gordon.**  
The Rev. Paul Smith, pastor of the First Baptist church, who has been given a first lieutenant's commission in the army, and who will be a chaplain, has been assigned to the 157th Depot Brigade and will go to Camp Gordon, Atlanta, Ga., where he will go into training instead of entering the chaplain's training school that is being conducted at Louisville, Ky.

**Gets Free Vacation.**  
Ralph Stoner left yesterday for a thirteen-day trip to Lake Geneva, Wis. The trip was won in a contest conducted in the eighteen Sunday school districts in Westmoreland county. Sewickley was first winning the necessary 500 points, and Mount Pleasant came next with 424 points, and had the privilege of sending the boy or girl with the best Sunday school record. This fell to Ralph Stoner of the Church of God. Miss Helen Hamel is superintendent of the teen age or secondary department.

**Go Into Training.**  
Ben Stillwagon and Charles Mullin were specially inducted by the local board to Lehigh university at South Bethlehem, where they will go into training, yesterday morning.

**Rejected in Examination.**  
Word has been received from Harry Holmes at Cambridge Springs that he was one of the five who did not pass the examination at that school. Nothing was said about his being sent home.

### LAST 20 PER CENT

To Be Paid Depositors of First National Bank, Uniontown, Aug. 1.

John H. Strawn, receiver for the First National Bank of Uniontown, announced Saturday that the last dividend of 20 per cent will be paid the 2,000 depositors of the bank during the first week of August. The depositors will then have received 100 per cent of their deposits.

The amount due depositors is \$450,000, of which \$220,000 represents interest that has accumulated since the bank closed its doors. After the principal is paid the payment of the interest will be taken up.

## HOUSTON UNDER FIRE

Big Shell Hits Infantry to Which is Attached Connelville Boy.

The 15th Field Artillery, of which Samuel Knox Houston, son of Rev. and Mrs. S. B. Houston of Connelville, is a member, is within range of the big German guns, according to a letter home. It says in part:

"Have been looking for a letter for more than a week but none came. Perhaps we may get some mail today. If you are more anxious to hear from your son than he is from you—well, you are anxious all right. You do not and cannot realize how much we depend on the home letters for bits of news and messages of cheer and advice. I am unable to keep your letters for we have to destroy them, as we have no way of carrying them around."

"Indeed, I don't know what I'll write about, for it's the same old thing every day. You see it doesn't vary much. Probably one day we will be shelled some in day time; another day will be quite still till nightfall. Then when things do start, it is sometimes high explosives, shrapnel or gas. Thus it comes. I write this letter with my gas mask on. That and our helmets are constantly with us, whether awake or asleep. Lately we moved into a deserted stone house. This is our infirmary and dwelling. But the other day she was the mark for a big shell. It just got the roof and a corner. No one was hurt. We have a good place to go when it gets too hot. A shell near us was struck but did no harm to anyone. Oh! we are fortunate all right. Lots of the poor fellows have no protection of any kind."

"Well, it is nearly time for 'chow,' so I must hurry up with my letter. I am still doing the work as clerk, taking care of my horse, doing kitchen police. I wish you could see the way we live now. We have a fine sergeant in charge of the cooks. He is mess sergeant. Then we have two dandy cooks, the band leader and a sergeant. I help by washing dishes, sawing wood, carrying water and such little jobs. Then we have real beds. M. asked me one day if the rats or cooties bothered us any. Well, at one other camp, the rats were very bad, as well as big. We were all troubled with the cooties there. Here several of us had 'em. Yesterday I took a good hot bath in a wooden tub and then boiled my clothes. Perhaps I will have a little comfort now. I am in the best of health, gaining again and feel quite well. Am eating and doing my share of sleeping."

### CORN SYRUP FOR CANNING

It Can Be Used to Supplement Sugar in Putting Up Strongly Flavored Fruits.

WASHINGTON, D. C., July 16.—Corn syrup may be used in canning and in making jellies, jams and marmalades and fruit butters, according to specialists of the United States Department of Agriculture.

Varying amounts of corn syrup are used with sugar. The syrup gives a modified flavor to products, so it should be tried out in small quantities at first to suit the family taste. It combines most satisfactorily with strong flavored fruits such as pineapple and cherries. The amount used must be determined by the kind of fruit and the strength of the syrup.

### The How and Why of Caloric Explosive Heating

The CALORIC is not a pipe furnace with the pipes left off. Neither is it an experiment, hastily put together to meet a demand. It is a specially designed to heat houses, halls, churches, stores, factories, etc., more uniformly, economically and satisfactorily than they have ever been heated by other systems.

The CALORIC works thru Nature's own law of circulation by air currents. Warm air rises. Cold air falls. Warm air and cold air cannot occupy the same space at the same time.

HERE'S THE SECRET: In the same volume that the warm air is caused to take the house, an equal amount of cold air is drawn into the furnace, where it is heated, moistened by the vapor from the two gallon water pan, and then redistributed through the register. This continues so long as the fire burns.

There is a constant circulation of properly moistened warm air. Just as refreshing water work.

### CALORIC

See How it Works: This circulating warm air, passing thru heat of from three hundred to eight hundred degrees, in which a gas can live, is kept pure and healthy.

The CALORIC is guaranteed by the oldest and largest manufacturers of warm air heating systems in the United States. You take no chance when you buy a CALORIC.

Whether your house is old or new, the Caloric is easily installed in one day, without interruption of your greatest heating arrangement. No holes lanced in your walls, no cellar full of heat-seeking pipes. The Caloric requires but one register and occupies little space. It burns any fuel, and needs hardly any attention. Makes however, one-third easier, as there is no soot from carrying in coal and carrying out ashes—no smoke, no soot, no elimination fire danger and increases the value of your property.

PETEY DINK—Take a Hint From the Girl, Pete, and Tend to Your Own Knitting

By C. A. VOIGHT

# GUNNER DEPEW

Albert N. Depew

EX-GUNNER AND CHIEF PETTY OFFICER U. S. NAVY  
MEMBER OF THE FOREIGN LEGION OF FRANCE  
CAPTAIN GUN TURRET, FRENCH BATTLESHIP CASSARD  
WINNER OF THE CROIX DE GUERRE

The days passed like that, with nothing to do but suffer and starve and freeze. It got colder and colder, and all we could wrap ourselves in was the coal. We began to speculate on where we were. It was not till late that an old seaman in our bunch told us that we had rounded the northern coast of Iceland.

Finally, one day, a lad yelled down "Land!" and we all dove for the life-line like wild men, and those who could get near enough looked out, and sure enough, there was the coast of Norway, very rugged and rocky, and covered with snow. We thought it was all over then, and that we would be landed at Bergen-sur. Then there was the usual running around and yelling on deck, and we were not so sure we would be landed, and very suddenly it got colder than ever.

I was in the hold, asking to get out, and ready for anything that might happen, when the door opened suddenly, and Badewitz grabbed me, and asked me in English if I was a quartermaster. I said yes, and he pulled me by the arm to a cabin. I did not know what was going to happen, but he took me by the arm from the wall and told me to get out.

There were two sailors there also, and they put life belts on, and then I saw some painted signs on the wall, and I thought I was in a mess, though what that had to do with being a quartermaster I could not see.

But they drilled me up onto the bridge and told me to take the wheel. That idea was I do not know. Suddenly they wanted a noncombatant to take the wheel in case they were overtaken by a neutral vessel. We were going full speed at the time, but as soon as I took the wheel she cut down to half speed, and stayed that way for half an hour. Then up to full speed again.

Pretty soon there was a tramp steamer on the starboard bow, and almost before I saw it, there were two more sentries on each side of me, pointing me with their revolvers and warning me to keep on the course. They had civilian clothes on.

Then we went through the Soger Strait, a narrow strait leading to the Baltic, and we were only a mile from shore with vessels all about us. It would have been an easy thing for me to signal what our ship was, and who were aboard, but they had six sentries on my neck all the time to keep me from it. I never wanted to do anything worse in my life than jump overboard or signal. But I would have been shot down before I had done this than started to do either, so I just stayed with the wheel.

We were hearing one of the Danish islands in the Baltic when we sighted a tug. She began to smoke and blow her siren. The sailors got very excited and ran around in crazy style, and Badewitz began shouting more orders than they could get away with. The sentries left me and ran with the rest of the Frigates to the boat deck and started to lower one of the lifeboats. But Badewitz was right on their heels and kicked the whole bunch around in great shape, roaring like a bull all the time.

I left the wheel and ran to the end of the bridge to jump overboard. But the minute I let go of the wheel, the tug ran off of the course, and they noticed it, and Badewitz sent five of them up on the bridge and three others to the side with their revolvers to shoot me if I should reach the water. I think if I had had any rope to hold the wheel with I could have got away and they would not have known.

When the five sailors reached the bridge one of them jumped for the cord and gave our area five long blasts in answer to the tug. The tug was about to launch a torpedo, and we whistled just in time. One of our men was looking from the hold, and he saw the Huns making for the lifeboats, so he got two or three others and they all yelled together, "Don't

let them get away!" thinking that they would get the boat over and leave the ship, and trying to yell loud enough for the tug to hear them. Badewitz took this man and two or three others, whether they were the ones who yelled or not, and beat them up and put them in irons. I thought there was going to be a mutiny aboard, but it did not come off, and I am not sure what the Huns were so excited about.

The other four sailors who came up on the bridge did not touch me, but just kept me covered with their revolvers. That was the way with them—they would not touch us unless Badewitz was there or they had bayonets. The old bull himself came up on the bridge after he had beaten up a few men, threw me around quite a bit, and kicked me down from the bridge and slammed me into the coal bunkers. I felt pretty sore, as you can imagine, and disappointed and pretty low generally.

After a while we heard the anchor chain rattling through on their way to get wet, and we pulled up. Then every German ship in the Baltic came up to look us over, I guess. They opened up the hatch covers, and the Hun garb and gold stripes came aboard and looked down at us, and spit all they could on us, and called us all the different kinds of swine in creation. They had them lined up and firing past the hatchways—all of them giving us the once over in turn. Maybe they sold tickets for this show. It would be like the Huns.

At first we were milling around trying to get out from under the hatch openings and the shower of spit, but some Limey officer sang out, "Brit-lshers all! Don't give way!" and we stood still and let them spit their damned German lungs out before we would move for them, and some German began singing their song about Treilawney. So we made out that we did not know such a thing as a German ever lived.

We got better acquainted with German spitting later on, and believe me, they are great little spitters, not much on distance or accuracy, but quick in action and well supplied with ammunition. Spitting on prisoners is the favorite indoor and outdoor sport for Germans, men and women alike.

When the show was over, they rounded us up on deck and put us to work throwing the salt pork and canned goods into two German mine-layers. While we were at it, a Danish patrol boat came out and tied alongside us, and some of her officers came aboard and saw us. They knew we were prisoners of war, and they knew that a vessel carrying prisoners of war must not remain in neutral waters for over twenty-four hours, but they did not say anything about it.

That night two men named Barney Hill and Joyce, the latter a gunner from the Mount Temple, sneaked up on deck and aft to the poop deck. There was a pair of wooden stairs leading to the top of the poop deck, and Joyce and Hill lifted it and got it over the side with a rope to it. The two of them got down into the water all right, but Joyce let out a yell because the water was so cold, and a German patrol boat heard him and flashed a searchlight. They picked up Joyce right away, but Barney was making good headway and was almost free when they dragged him in. They beat them up on the patrol boat, and when they put them back on the Yarrowdale Badewitz beat them up some more and put them in irons. Then he began to shoot at their feet with his revolver, and he had a sailor stand by to hand him another revolver when the first one was empty. Then he would gash their faces with the barrel of the revolver and shout, "I'm Badewitz. I'm the man who fooled the English," and shoot at them some more.

All the while the sailors were celebrating, drinking and eating, and yelling, as usual, and the whistles on all the German ships were blowing, and they were having a great fest. After about thirty hours we left, being escorted by a mine-layer and a mine-sweeper. I asked a German sailor if that was the whole German navy, and he looked surprised and did not know. I was kidding him, and said no. Then I said, "So the English got all the rest, did they?" and he handed me one in the mouth with his bayonet butt, so I quit kidding him.

We saw rows and rows of mines, and the German sailors pointed out what they said were H. M. S. S. Lion and Nomad, but I do not know whether they were the same ones that were in the Jutland battle or not. Finally we landed at Swinemunde just as the bells were ringing the old year out and the new year in. We were a fine bunch of blackbirds to hand the Kaiser for a New Year's present, believe me. They mustered us up on deck, and each of us got a cup of water for our

A Cup of Water for Our New Year's Dinner.

New Year's spree. Then we saw we were in for it and all hope gone, but we were glad to be released from our hole, because we had been prisoners since December 10—three days on the Moewe and eighteen on the Yarrowdale—and the coal was not any softer than when we first set on it.

So we began singing, "Pack up your troubles in your old kit bag and smile, boys, smile. What's the use of worry? It's never worth while," and so forth. They made us shut up, but not before we asked ourselves if we were downhearted, and everybody yelled "No!"

And that is how we gave our regards to Swinemunde.

## CHAPTER XVIII.

"Pack Up Your Troubles." We arrived at Swinemunde, on the east bank, and after we had had our drink of water and had been rounded back into the bunkers, Badewitz went across to the west side in a launch with Joyce and Hill and a guard of sailors. They were to be shot the next morning, with some others, at a public shooting rest. The rest of us wrapped ourselves in lumps of coal as best we could and tried to sleep.

In the morning crowds of Germans came aboard us, and were turned loose on the boxes in the hold. It was a sight to see them rip off the covers and gobble the salmon and other stuff that we carried. Table manners are not needed when there is no table, I guess, but if you had seen them, you would say these Germans did not even have trough manners. I have seen hogs that were more finicky.

While they were at it, hand to hand with the chow, giving and receiving terrible punishment, we prisoners were mustered on deck, counted, kicked onto tugs and transferred to the west bank, where the mob was waiting for us. My wounds, as you can imagine, were in a pretty bad state by this time, and were getting more painful every minute, so that I found I was getting ugly and anxious for an argument. I knew that if I stayed this way I would probably never come out alive, for there is every chance you could want to pick a quarrel while you are a prisoner that will mean freedom for you—but only the freedom of going west, which I was not anxious to try.

When we got near the west bank, on the tugs, we could see that we were up against a battle with our arms tied. Over half the crowd was women and children, I should say, and the rest were laborers and old clyries, and reserve soldiers, and roughnecks generally. We could see the spit experts—the spit snipers, deployed to the front, almost.

As we went ashore, the bombardment began, and we were not only under fire of spit, if you could call it that, but also of rocks and bottles and sticks and most anything that could be thrown.

## Meyersdale.

MEYERSDALE, July 14.—Mr. and Mrs. George D. Landwehr and their nephew, John Larkin, of Cumberland visited friends here on Sunday.

Mr. and Mrs. Edward C. Pitt are visiting their son, John Pitt, at Camp Lee.

Miss Kathryn Dougherty and niece, Miss Nell Dougherty, of Connelville spent Sunday here with friends.

Mrs. Maria Shipley of Connelville visited her cousin, Mrs. John Stacer, Saturday and Sunday.

Miss Kathryn Keldie has returned to her home in Mance after a two weeks' visit at the home of Mr. and Mrs. Glen Crowe.

Mrs. William Graney and two children, of Leaning, Md., are here for a few weeks' visit with the former's brother, Rev. Father Brady.

Thomas A. Courtney of Acosta spent Sunday here with friends.

Mrs. J. W. Walsh of Cumberland, spent Monday here visiting and attending the funeral of M. Shannon.

Mrs. Allen Brand and two children have returned to their home in Cumberland after visiting relatives here for a few days.

Charles Dia and sisters, Misses Margaret and Ida, have been visiting their brother, Elmer Dia, at Camp Lee for several days.

MEYERSDALE, July 16.—A very pretty wedding took place in St. Philip and James Catholic church on Monday, July 15, at 12 o'clock noon, when Miss Grace Haley, daughter of Mr. and Mrs. John Haley of this place, became the wife of Ralph Hammer of East Pittsburg, the ceremony being performed by Rev. Father Brady, pastor of the bride.

The bride wore a dark blue traveling suit with hat to match. A reception followed at the home of the bride's parents on the South Side, and in the evening the happy couple left on a honeymoon trip to the eastern cities, after which they will go to East Pittsburg to reside. They were the recipients of many beautiful and useful presents.

Dennis Lowmy, M. J. Kerrigan and Matthew Kerrigan of Connelville, were here Monday attending the funeral of the late Michael Shannon.

Miss Mildred Just of Akron, O., is here for a few weeks' visit with relatives and friends.

Mrs. Louise Hawn of Salisbury, was the guest of relatives here the past few days.

## CAN WITHOUT SUGAR

Fruits Will Keep Perfectly in Water and May Be Used in Place of Fresh Products.

WASHINGTON, D. C., July 16.—"Keep canning, sugar or no sugar," say specialists of the United States Department of Agriculture. "If you can't get enough sugar for home canning put up your fruit without it. The products will keep perfectly until a time when more sugar is available or until a sugar substitute program has been worked out. Fruits put up in this way are excellent for pie-filling and salads and may be used in desserts, puddings, ices and punches.

In canning fruit without sugar, can the product the day it is picked. Cull, stem, seed and clean fruit by placing in strainer and pouring cold water over it. Pack the product carefully

Parker Had Been Like Dead Man Until He Took Tanlac.

"Yes, sir, I have been taking this Tanlac for about two weeks and I have gained twenty pounds," said J. B. Parker, machinist, of 163 East 12th Avenue, Erie.

"It was about a year ago that I suffered a stroke of paralysis. At the time I weighed 305 pounds. I was obliged to quit work, and I haven't struck a lick at my trade in nearly twelve months. I fell off in weight to 147 pounds, a loss of 58 pounds.

"I have been nearly dead. In fact, I was so bad off that I thought my days were really numbered.

"I heard about Tanlac, I made some private investigations about the medicine. I inquired of several neighbors who were taking Tanlac. They told me it was the best thing they had ever used, and that I would make no mistake in testing it. I thereupon bought me some of the medicine, I began improving in a few days after commencing to use it. My strength came back to me gradually, and I am now today stronger and feel younger than I have felt in years.

"Yes, it is true. I have gained twenty pounds in two weeks. It seems strange to believe, but it is certainly so. I am now feeling so well that I am going back to work next Monday.

"I consider Tanlac the most wonderful medicine ever sold here."

Tanlac is now sold here by the Connelville Drug Co.

Tanlac can also be secured in Dunbar at D. C. Eason's Drug Store.—Adv.

## THE PARAMOUNT.

"THE LONE AVENGER"—A five-part feature in which William Hart, the most popular screen actor of the day, is seen in a splendid role, is being shown today. The picture is exciting and is one of the best in which Mr. Hart has ever appeared. He is supported by a cast of unusual excellence. The Universal Weekly is also being shown. Thursday, June 27, and John Bowers will appear in "A Woman of Redemption," a five-part World attraction of unusual interest. The picture is a modern one of exceptional interest. Miss Elvira is seen in the role of Gene Romaine, a girl of the southern mountains. The picture tells the story of the manner in which a woman secures redemption of the man she has come to love. The redemption occurs only after a great many extremely exciting events in which the girl's brains and courage stand her and the young man in good stead. From start to finish the picture is unusually thrilling. It is the sort of a picture that refreshes you with its amazing story, the pleasing nature of the scenes, and the splendid acting throughout. Friday and Saturday, William Farnum, America's popular actor, will be presented in "Rough and Ready," a Fox Standard feature.

## ARCADE THEATRE.

Unhindered by a blast of trumpets, Hal Hoyt's show opened a week's engagement at the Arcade theatre to capacity business and scored a surprising success at its first performance. This show bids fair to be listed as one of the neatest and best liked musical tabloid shows that has visited this theatre in months. Hal Hoyt himself is an old-time local favorite and his work was well appreciated. With Harry Chapman as a sidekick, these two boys put over a barrage of fun that was continuous. Chapman is a very clever dancer and a perfect foil for Hoyt. Earl Wilcox in a straight part was satisfactory, and his whistling specialty went over well. Miss Bessie Lee and Alma Mooney captured the crowd with their spontaneous wit and good humor. Miss Anna Stein was very good and kept the action moving rapidly at all times. She is a gifted performer with a wonderfully pleasing manner. A complete change of program will be made Wednesday. This company will present "Gee Whizz," a rapid fire comedy well worth seeing. On the screen today will be Helen Holmes in "The Lost Express," Wednesday and Thursday, "The Woman" and the Web, a war serial.

## ORPHEUM THEATRE.

"RICH MAN, POOR MAN"—A Paramount photoplay features Marguerite Clark. Tomorrow George Bevan appears in "One More American." The story is of an Italian Mariouette theatre owner in New York's great East Side-Ghetto, whose little family, due from Italy is kept from him by a scheming politician who has lost him many a vote. How Luigi, with the help of a rising
